### Newsletter of the Global Network: “Child Support Worldwide”

**Dear network members and child support experts  
all over the world,**

#### **The CSW Web Guide is online !!!**

For a child support expert dealing with cross-border recovery of maintenance, searching for information on foreign legal systems on the internet can be time-consuming and frustrating. The foreign language, the unknown judicial and administrative structure and the lack of contact persons makes it very difficult – sometimes even impossible – to access the required information.

For this reason we are proud to present the **Child Support Worldwide Web Guide**. The CSW Web Guide contains websites on international and national child support law that provide the user with important information about, as of now, **110 countries, international organizations and networks**. You will already find in the Guide comprehensive information about countries within Europe, Asia, Latin America as well as Canada, the USA and Australia.

The information is organized by subject and is provided primarily in English. Furthermore, useful links concerning multi-lingual dictionaries, published laws and encyclopedias of law will help you to overcome barriers in language and in understanding foreign systems.

**The CSW Web Guide** is available on [www.childsupport-worldwide.org](http://www.childsupport-worldwide.org). In order to access the Web Guide directly, please click [here](#).

We wish you a good time surfing the world of international child support law and hope that we might ease the struggles of your day to day work! Additional information and helpful hints, which can be sent to [childsupport@dijuf.de](mailto:childsupport@dijuf.de), are highly appreciated!
